As luck would have it, you're one of the first to see this gorgeous install! This month we're featuring Candela Cucina, an upscale Authentic Italian Restaurant in New Bedford, MA. They had a vision for their establishment, and we worked with them to bring it to life!

This corner banquette features diamond tufting and a finished wood back. The upholstery is Carnegie Green on the back, and Express-a-Way Green for the seat. And check out those awesome hardwood bun feet!

Hard Wood Bun Feet

But is it art? This straight banquette with vertical tufted channels and Tobin Evergreen color is mesmerizing... in fact, it closely resembles *Claude Monet's Water Lillies* painting. Art it is!
