It's May, and Spring has most definitely sprung.

Besides the gorgeous weather, Spring is also the season of growth – beautiful plants and flowers growing from tiny seeds to nature's perfection.

Honestly, it reminds us of our work. How beautiful furniture begins as a great idea. Whether it's completely your vision or something we helped shape, that seed of an idea is then shaped by our craftspeople into something beautiful.

Speaking of great ideas, we love the fact that trade shows are back!

We just attended the Ohio Valley Chapter CMAA Cincinnati (with some cool Soft Touch goodies, including the best cooler ever), and let us tell you, it was a great time.

**We'll also attended the 2025 NRA Show May 17- 20th.
We had a blasts and enjoyed seeing new and familiar faces!**
