HAPPY Thanksgiving

From: The Soft Touch Furniture Family

Giving Thanks to Everyone

It would not be a happy Thanksgiving if we did not give thanks to you – our customers past and present, our employees, vendors, salespeople, and everyone else reading this. From the Soft Touch Family, we want to thank you for all the support, opportunities, and being a part of our craftsmanship.

We wish you and your family a safe and savory Thanksgiving. And now onto some seasonal-themed treats!

Check out the process and attention to

detail on our river tables. These hand-crafted beauties consist of solid wood combined with epoxy resin to create a river-like effect!

And we can do almost anything with that, too, making it an awesome conversation starter for

Thanksgiving, the Board Meeting, or anything else.

And talk about custom: this customer brought rocks from Virginia Beach and wanted to include them in their table.

See that and more in the video below

Custom Privacy Booth

Thanksgiving is about gathering around the table with loved ones and friends. But sometimes we may want a little privacy too.

This “privacy booth” offers just that, providing some solitude along with innovative built-in shelves that offer multi-functional use.

An Endless Selection of Tables

We offer countless table styles, including gathering, drop-leaf, live-edge, river, laminate, and solid wood options.

We can also make your tabletops however you want: any size, any species, any stain...

At Soft Touch Furniture,
You Dream It, We Build It!

**We Are Forever Grateful
For ALL of You!**

**Wishing You & Your Loved Ones
A Safe Thanksgiving Weekend**
