## WHAT MAKES US DIFFERENT

For more than 50 years, Soft Touch Furniture has stood apart by blending classic craftsmanship with continually evolving manufacturing practices.

Everything is built in our state-of-the-art Girard, Ohio facility, using USA-sourced materials, the latest in digital and CNC machinery, and a skilled local workforce.

This allows us to manufacture the highest quality commercial furniture!

In short, our great-looking restaurant and hospitality furniture are also the industry's best value.

What differentiates Soft Touch is our ability to customize to your exact specifications without overcomplicating.

Whether crafting traditional restaurant booths, café seating, or tailored banquettes our team focuses on translating your vision into durable, functional furniture that stands the test of time.

We also deliver, professionally install, and stand behind our work.

We're a complete commercial furniture solution, from initial concept to final install.

Whatever look you are after, you can count on us to bring it to life.

## Hospitality Seating Solutions

Booths and Banquettes are the workhorses of many dining, hospitality, and other commercial establishments.

Here at Soft Touch Furniture, they come in almost limitless shapes, sizes, and configurations.

From classic diner and restaurant booths to lobby furniture with built-in USB ports to private snugs and along-the-wall bistro banquettes, we're ready to make your space shine!

## Delivery & Installation Services

Soft Touch Furniture uses our own trucks and a dedicated team of professional installers, ensuring your furniture arrives safely and on schedule.

Our experienced technicians provide white-glove installation services, carefully placing and installing each piece with precision.

From delivery to final setup, you can trust our team to treat your furniture and your establishment with the highest level of respect and professionalism.

## Our Process

At Soft Touch Furniture, we believe great service should be simple. That's why we created a 5-step process to guide you smoothly from concept to creation to providing you with the furniture you need.

### Step 1 - We Talk and Learn

We'll listen, connect and get you a quote within 24-48 hours.

### Step 2 - Your Project Begins

Your order moves to engineering for detailed shop drawings, which are sent for your review. Once approved and materials are received production begins with an 8–10 week turnaround!

### Step 3 – Built With Precision

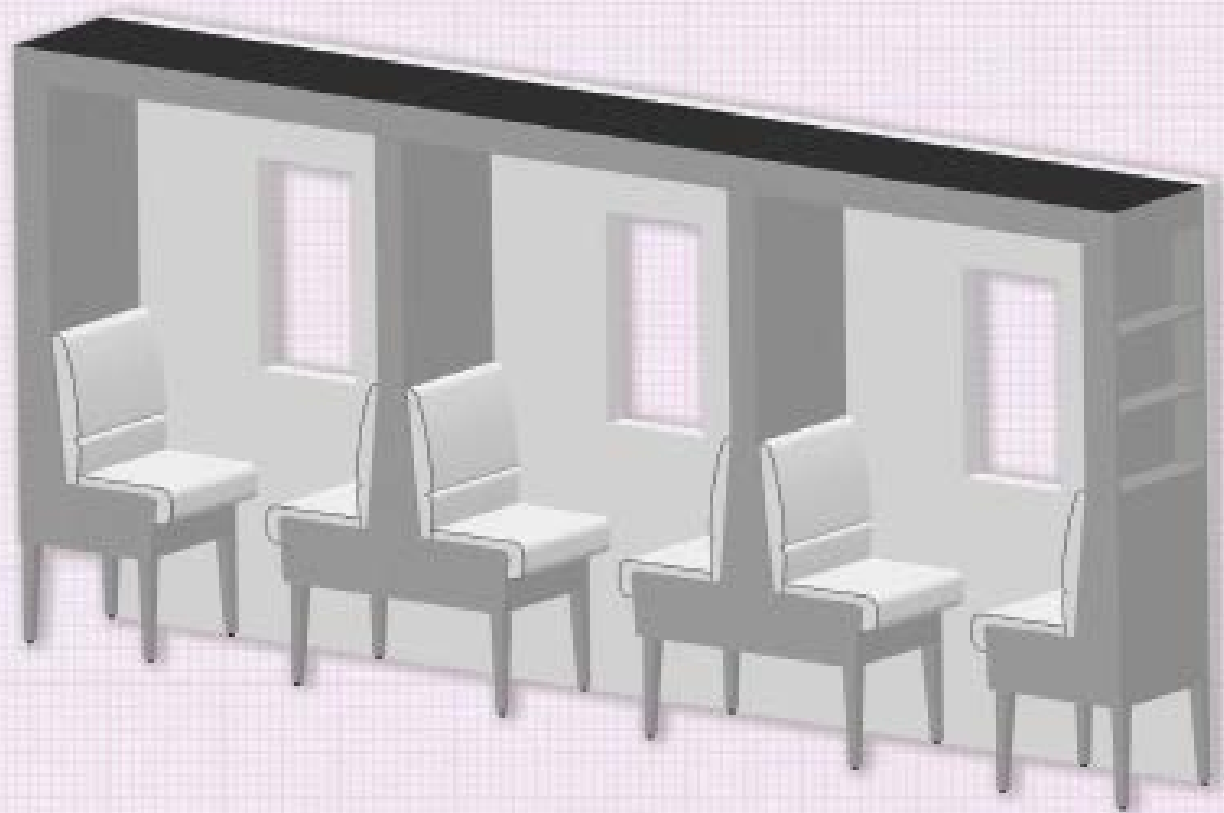

Your project will be manufactured with precision from our CNC machinery and our skilled craftspeople to bring your vision to our quality standards

### Step 4 – Packing & Shipping

Prepping the shipment to get to your establishments safely as well as our state of the art installation services can help you stress less!

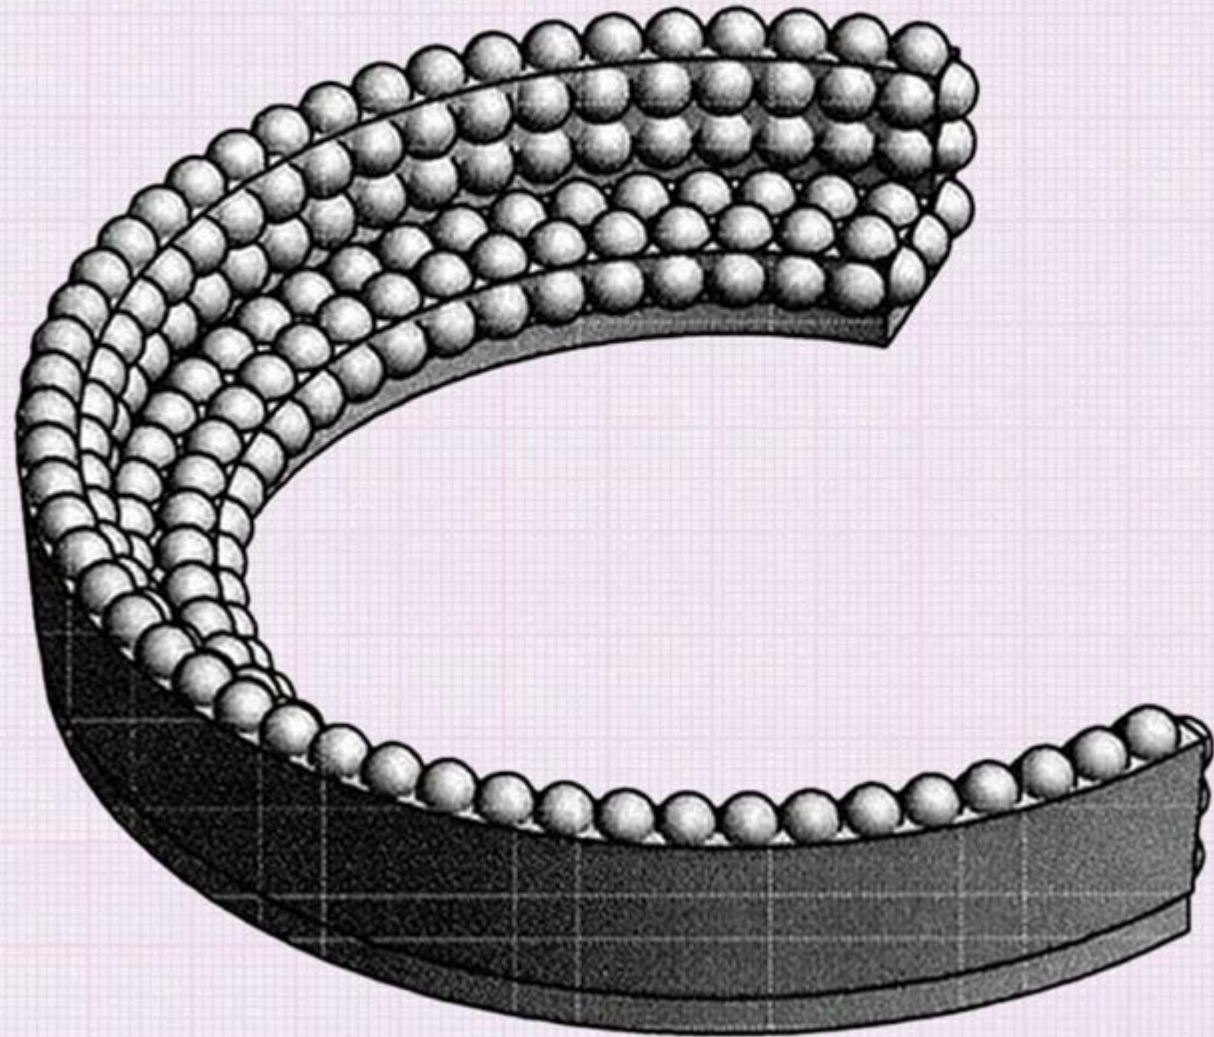

### Step 5 – Complete Satisfaction

Your new furniture is installed and ready to impress. Your space looks fantastic, and your guests will love the experience.
