Green Initiatives

- Soft Touch Furniture uses only environmentally friendly finishes on our wood products with no VOC's
- Soft Touch Furniture seeks to limit the amount of packaging we use by delivering our product in our own trucks with reusable materials and recycling them at the end of their useful life
- Soft Touch Furniture will only purchase FSC  certified lumber. Choosing FSC Certified Lumber means it comes from sustainably managed forests and helps to protect old growth forests. Our goal is to protect natural resources by promoting environmentally sustainable, socially beneficial, and economically viable management of the world's forests
- Soft Touch Furniture operates in an environmentally and socially responsible manner and we insure similar standards from our vendor partners.
- Excess polyurethane foam is recycled by processor for carpet underlayment
- Sinuous springs used for seats and backs are made from recycled steel
